Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Friday 29 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Increasingly dry tonight, becoming cloudy with rain into Saturday morning.

This Evening and Tonight:
A colder night than of late. Becoming drier from the south during the evening, ahead of a further swathe of rain pushing eastward to end the night on increasing winds. Minimum temperature 3 deg C (37 deg F).

Saturday:
Cloudy, breezy and wet during the morning, the rain perhaps turning heavy briefly before clearing eastwards into the afternoon. Drier and brighter later, with some sunny spells and isolated showers. Maximum temperature 13 deg C (55 deg F).

Outlook for Sunday to Tuesday:
Successive bouts of wet and windy weather making progress eastwards leading to temperatures below average. Some sunny spells are also likely, these probably more commonplace into the new working week.
